Republican Central Committee Fixes a Date for Nominating County Ticket.

BASIS OF REPRESENTATION UNCHANGED

Primaries Will Be Held Friday, October 8, with the Convention the Day After-Executive Committee Appointed.

The republican county central committee met in executive session yesterday for the first time in six years. The meeting was held at Washington hall, and as soon as the committee was called to order by Chairman Williams, Charley Unitt moved that the proceedings be in executive session. The motion was declared carried and even the candidates for the various county offices were excluded. This was on account of the expected squabble on the question of changing the representation, as it was thought it could be disposed of quicker if the public was

excluded. Immediately after those not members of the committee had been excluded Chairman Williams appointed the executive committee which was authorized at the previous meeting as follows: First ward, John Rosicky: Second ward, H. J. Banker; Fourth ward, Henry W. Morrow; Fifth ward, George H. Hess; Sixth ward, I. G. Baright; Seventh

The matter of epresentation was brought up by F. W. Fitch of the Sixth word, who moved that the number of delegates be in creased to eleven from each ward in the ity, the number from South Omaha and the was debated at considerable length with the result that the committee decided to make to change at this time.

The resignation of E. E. Zimmerman as committeeman from the Eighth ward was

accepted and K. S. Fisher was selected as his successor.

After some discussion the date of the pri maries was fixed for Friday, October 8, and that of the convention on the following day. The committee decided that the names of candidates for justices of the peace and con-stables should be placed on the tickets in

the various wards, and those who received the endorsement of a majority of the voters should be declared the nominees by the con-Headquarters will be opened early this week and the active work of the campaign aken up. This is one of the reasons why the Pyramid Turn Down an Endorsement of Mel Pile Cure has been so uniformly successful, is applied directly just where it is needed and where it will do the most good. Not by rooms of the Jacksonian club. It is said the roundabout way of the atomach nor by surgical operations and so called systems.

Direct application to the seat of disease is the only rational way, and this is fully ac-

complished by the Pyranrid Pile Cure.

If the voluntary testimony of thousands who have tried this remedy is worth anything then no sufferer has any excuse for longer delaying in giving it a fair trist, knowing that when you do so the Pyramid Pile Cure will have made one more friend, the best possible advertisement we can have. The chief advantages of the remedy are: It cures without pain, the cure is last-ing, it contains no poison, and lastly, it las-the cheapest and quickest cure yet found.
